DATASHEET: EM8023

xLINE Pro Powerline 200Mbps - Starter kit

IP TELEVISION | SET OF TWO ADAPTERS | PRESS ONE BUTTON TO SECURE | QOS | INTERNET TELEPHONY | STABLE CONNECTION

TECHNICAL SPECIFICATIONS:

Interface:	220V Euro-plug and RJ45 10/100Mbps (auto MDI/MDI-X) connector
Standards:	Compliant with HomePlug AV 1.0 specifications, Compliant with IEEE802.3 and IEEE802.3u Ethernet specifications
Modulation:	QFDM 1024/256/64/16/8 QAM, QPSK, BPSK and ROBO Modulation Scheme
Frequency band:	2Mhz up to 30Mhz
Quality of Service:	TDMA (CSMA/CA), ToS/CoS, IGMP
Encryption:	56-Bit DES link encryption

SYSTEM REQUIREMENTS:

Suited for all TCP/IP supporting operating systems.
Computer fitted with networking adapter.

EAN CODE: 8716065238464

A high speed network over mains

Your own multi-medial network at home, wouldn't that be ideal? Yet it is hard to realise, because speed and stability are an absolute must when you are considering IP-television or Internet telephony. Use the Eminent xLINE Pro Poweline Adapters 200Mbps to enjoy a high speed and reliable network over mains! Eminent xLINE Pro offers the ultimate solution to build or extend your home network. Connect the xLINE Pro Ethernet Adapter to a wall-outlet nearby the device that you would like to connect to your network. There is no hard installation procedure, just plug it in and go!

With the Eminent xLINE Pro Powerline Adapters you seamlessly combine multi-medial networks, IP-television and all other technologies the future has to offer. Our QOS technique will provide you with the best signal quality. The Eminent xLINE Pro series are future-proof. Are you? NB. The xLINE Pro series only communicates with other xLINE Pro Homeplug Adapters. However, a network with regular xLINE adapters operates next to an xLINE Pro network.

- Set of two Homeplug adapters for super-speed (200Mbps) Ethernet over existing power lines
- QOS for optimal control of your network signal
- A multi-medial networking connection, simple over existing power lines
- Especially developed for signal distribution of IP-TV and IP-Telephony
- Security through 56-Bit DES encryption
- Suited for use in combination with other Eminent networking products
- Easy installation
- 5-Year warranty
- Accessible helpdesk
- Multilingual user manual
